

Dr. Ghiselli's Team

Welcome to Denver Spine Surgeons. I would like your experience with our practice to be a satisfying one. Please let me take this opportunity to introduce you to my team. I have 2 Physician Assistants who specialize in the disorders of the adult spine and surgical treatments of those disorders. They work with me, both in clinic and in surgery. If you are a new patient you will most likely meet one of them first. I also have 2 medical assistants that coordinate the care of my patients, coordinate surgeries and communication with referring physicians, hospitals and imaging centers.

Renee Kirchner, MMS, PA-C has been working with me since August of 2007. She received her Master of Medical Science in Physician Assistant studies from Midwestern University and joined the Virginia Spine Institute in 2001 where she completed a fellowship in spine surgery. She prides herself in advancing her spine-specific knowledge and skills for the benefit of the patients that she has the privilege of treating and caring for. She truly enjoys spending time with patients and educating them on their condition and treatment options, as well as assisting in surgery.

Brooke DiStefano, MS, PA-C joined my team in September of 2012 when she moved back to Colorado from Texas. She received her Master of Science in Physician Assistant studies at Baylor College of Medicine. She also has a background in Nutrition and Dietetics. After PA school she worked in Interventional Radiology. She has truly been enjoying expanding her education and knowledge in caring for spine patients. Her favorite part of her job is educating patients on their condition and the treatments they have available to them.

Chris Tomasi, CMA has worked with me since 2006 and has been a medical assistant for over 30 years in the Denver Metro area. She is your primary contact person for any questions you may have. She knows all of the ins and outs of my practice. She prides herself in patient care and coordinates my clinic as well as communication with patients, referring physicians, hospitals and imaging centers. Chris also schedules all of my surgeries.

Geri King, MA joined my team in August of 2011. She left a busy spine practice in Las Vegas to enjoy the mountains of Colorado. She has been a medical assistant for over 23 years. You will see her at the front desk as well as working back in my clinic. She is happy to answer any questions you have at any time. She will also help with coordinating communication for your care.

Thank you for allowing me to introduce my team. You can reach any one of us via phone or email with any questions or concerns that you have. I have the utmost respect and confidence in the knowledge and abilities of Renee, Brooke, Chris & Geri. However, I will make myself available to you at any time as well. Our goal is to make this experience professional and exemplary. We hope to meet all of your expectations.
